Select “Add” and choose from the list.

If your insurance company isn’t listed in the dropdown, click here and add it.

If this is your primary insurance, indicate with the number 1 here. If you have a secondary plan complete these steps again and indicate that with the number 2.

Look at your insurance card and provide as much information as you can here. Click on the checkmark to save.

Next, you will see this screen. If you have another insurance, click “Add” and repeat.

When you are done, verify the information and move on to the “Contacts” tab.
